PARAGON AVIATION GROUP®

October 2018 Newsletter

Fly for the Cure with The Paragon Network™ throughout the month of October

The Paragon Network continues to raise awareness for breast cancer with their *"Fly for a Cure"* campaign during the month of October.

To raise awareness, participating members of the Paragon Network will be handing out various items including *"Fly for a Cure"* bracelets, pens, and coffee mugs. In addition, a portion of their fuel or service revenue will be donated to organizations supporting the prevention and treatment of breast cancer.

BCRF BREAST CANCER RESEARCH FOUNDATION

Paragon Aviation Group will also be making a donation to the Breast Cancer Research Foundation for every online survey completed during the month of October. Keep us in mind when planning your trips this month. Show your support by flying into a Paragon Network FBO and share your experience! The survey can be found at FlyForACure.net.

The Paragon Network™ Adds a Third Ross Aviation Location

The Paragon Network™ is pleased to announce the addition of Ross Aviation in Thermal, CA (KTRM) at Jacqueline Cochran Regional Airport.

Ross Aviation joined The Paragon Network™ in November of 2016 with two locations. Noticeable growth and collective benefits throughout the network occurred with the

addition of their initial locations at White Plains (KHPN) and Long Beach (KLGB). Ross Aviation's primary focus is uniting exceptional customer service and uncompromising safety standards, which has made them a perfect fit for The Paragon Network™. Ross Aviation KTRM boasts over 100,000 sqft of hangar space that can accommodate up to a BBJ. In addition, the state-of-the-art facility offers four conference rooms, workstations with internet access, shower rooms, and a snack bar. Other highlights include NATA Safety 1st Certified team members and Avtrip points offered on qualifying purchases.

"Our partnership with Ross Aviation has been great," said Megan Barnes, President of Paragon Aviation Group. "Their location's quality facilities and team of aviation professionals continue to enhance our group as each of the qualified FBOs in the Paragon Network do. I am confident that the addition of Ross Aviation Thermal will enhance our network offerings and they will be able to experience a mutual benefit joining the team. No matter how many years in the industry or in what capacity, there is always room to learn, improve, and grow. That is what this network is about." She continued, "I'm thrilled that Ross Aviation has added another elite location that can serve guests looking for more than just an FBO – but rather the best experience each and every time."

+ NBAA-BACE INFO

Career Expo on Friday, October 26th from 9am - 2pm.

This event caters to high school and college students (ages 16-22). Their focus is to introduce young people to the vast array of career opportunities within the aviation industry. They want to educate students on the brink of making college and career decisions, about some of these exciting options.

The Expo consists of industry leaders, vendors, aircraft displays, guest speakers, amazing prizes, demonstrations, and of course - scholarships!

Paragon Aviation Group is proud to be a sponsor of the event and looks forward to meeting future aviators!

To help support the students this event impacts, please email expo@projetaviation.com regarding scholarship and sponsorship opportunities! Thank you!

Silverhawk Aviation AVANCE L5 STC Approved for Cessna Citation

The FAA has approved Silverhawk Aviation's Supplemental Type Certificate (STC) for the Gogo AVANCE L3 system for the Cessna Citation XL/XLS/XLS+ aircraft and the Gogo AVANCE L3 and L5 systems for the Cessna Citation 560, Ultra, and Encore and Encore+ aircraft. These STCs will complement the previously approved STC for the Gogo AVANCE L5 system for the Cessna Citation XL/XLS/XLS+ aircraft.

The STC includes the installation of the Gogo AVANCE L3 and L5 system components and

Fly Into Henriksen Jet Center (KEDC) for Formula 1 in Austin, TX

The pinnacle of motorsports is returning to Texas for a three-day celebration of speed and sound in Austin, TX from October 19th - 21st! In the midst of a competitive and unpredictable season, the FORMULA 1 PIRELLI 2018 UNITED STATES GRAND PRIX arrives at COTA this October with major championship implications. Cheer on Haas, Ferrari, Red Bull, McLaren, Mercedes and more at the only purpose-built F1 track in the United States as the American Soundtrack gets a new volume.

system activation. Canadian Validation and PMA on the belly antenna shim adapters is anticipated to be received shortly.

AVANCE L3 and L5 are comprehensive in-cabin Wi-Fi systems that operate on Gogo's ATG network. They are designed specifically for business aircraft and offer enhanced connectivity applications. The AVANCE platform is innovative in business aviation because it's a software-centric approach rather than being hardware centric. That means the AVANCE systems are flexible and scalable, even customizable for the user – especially the L3 which can be configured at three different levels to best fit the user's needs. While the L5 is more robust for activities such as streaming audio and video, email with large attachments.

Paragon Network Customer Reviews

★★★★★ The best independent FBO in the nation. Stopped in again last month and needed help loading a heavy item into the baggage compartment. Alexander Casanova and the other line staff were great. Counter staff excellent also.
- Vol S. on National Jets (KFLL)

★★★★★ Great service from Business Jet!
- Jim M. on Business Jet Center (KDAL)

★★★★★ Stopped in 8/24/18 @ 1800 local. Excellent FBO. Treated us like we were in a Falcon! Definitely will use again. Top notch service and facility, friendly staff. Thank you!
- P. Bramlett on Platinum Air Center (KJKA)

★★★★★ Fantastic and friendly service. Always our favorite stop to and from Winnipeg. They know how to be nice and treat customers.
- D. Vincent on Silverhawk Aviation (KLNK)

★★★★★ Great service, friendly people and comfortable crew lounge.
- Thomas M. on ExecuJet Berlin (EDDB)

★★★★★ I worked in aviation for several years and Clay Lacy is regarded as among the best in class, if not the premier private aviation company. They tend to recruit the very best people in the industry, and have a storied history and manage some of the best private aircraft in the world. Further, the founder is literally a legend in aviation.
- Adam L. on Clay Lacy Van Nuys (KVNY)

★★★★★ Good customer service! Nice fleet and great staff!
- Henry T. on ExecuJet Dubai International (OMDB)

★★★★★ Great service, coffee machines, sparkling water comfortable chairs and fantastic staff. The facilities were spotless and very well looked after. I'm going to have to really reset my radar for service back to Qantas levels soon and I am not looking forward to it.
- Daniel W. on ExecuJet Sydney (YSSY)

★★★★★ Friendly service and helpful attendants. They gave us great suggestions for places to catch a bite to eat, and the courtesy car is one of the nicest I've seen.
- Mathew L. on Aero Air (KHIO)

★★★★★ Top shelf FBO! Flew in last night 8/24. First time using platinum as my regular FBO wouldn't answer the phone. Platinum answered the call, let us use the crew car, topped off our tanks, and rolled out the carpet for our little Piper. We were treated like we flew a GV. Excellent facility and staff. Thank you for making our stop a delight.
- Patrick on Platinum Air Center (KJKA)

★★★★★ Very good staff, clean facilities, and good snacks!
- Curtis T. on Odyssey Aviation Kissimmee (KISM)

★★★★★ Very professional FBO...be sure to stop in!
- Ric G. on Tunica Air Center (KUTA)

The Paragon Network™ is a distinguished membership of elite FBO's and international handling agents that provide world-class service to general aviation travelers around the globe. Paragon Aviation Group® performs a comprehensive audit of the facilities and service offered to ensure the quality of the member base before any FBO joins The Paragon Network™. Each member FBO must comply with a set of strategically developed core standards to remain in the group. Paragon Aviation Group® facilitates The Paragon Network™.
