Business Jet Center Completes Newest and Largest Hangar

Business Jet Center is excited to announce that they have completed their newest and largest hangar in company history. Construction of the 49,000 sq. ft. structure wrapped up this week and tenants are expected to begin occupying the space immediately. The newest hangar is fully leased and is located on the northeast corner of their approximately 33-acre leasehold. This addition marks BJC's 15th hangar spanning two campuses.

BJC continues to experience significant demand for hangar space and is now in a position to accommodate an increased number of clients looking to base their aircraft with the leading provider of FBO services at KDAL. With 28-foot tall doors, the new hangar will be able to accommodate multiple aircraft as large as a Gulfstream 650 or Global Express, in addition to offering ample ramp space.

Paragon Aviation Group Makes Care Packages for the Less Fortunate

Paragon Aviation Group® team members spent an evening together for a worthy cause making care packages for the less fortunate in the Houston area community. With the help of friends and neighbors that volunteered, they made over 100 care packages.

The care packages included first aid kits, socks, snacks, toiletries, bottled waters, electrolyte mixes and hand towels, plus a list of important numbers/hotlines. To add a personal touch, the children volunteers drew colorful pictures and wrote messages of hope along with making a little craft to include in the packages.

“We are creating these since the hurricane season is in full effect now through November. It was a rough couple of years in Houston for hurricanes and if we
