

Port City Air (KPSM) Completes Third Hangar and Adds 24/7/365 AOG Dispatch Services

On July 7th, Port City Air completed their third hangar floor with 65,000 sq. ft. of beautiful new epoxy floors and another 56,000 sq. ft. of hangar space available for long or short term lease. This increases their total heated hangar space to 120,000 sq. ft. Office space is also available for turnkey or build-to-suit for part 91 and 135 operators.

Port City Air now offers the most responsive 24-hour AOG dispatch services and scheduled jet maintenance anywhere in New England (NH, ME, MA, CT, RI). With decades of experience, their jet maintenance team is always ready to support your needs. Port City Air provides aircraft maintenance and management for a wide variety of Beechcraft, Cessna, Gulfstream Bombardier, and Falcon Jet aircraft and coordinates with OEM's for warranty and scheduled maintenance.

Port City Air is just minutes from BOS and BED, and only a 30 - 40 minute flight from TEB. They have no landing fees, competitive hangar and fuel rates, and offer the first-class service you expect from Paragon Network FBOs. Portsmouth International Airport at Pease (KPSM) is a Part 139 airport located on New Hampshire's seacoast boasting open ramp and airspace, an 11,321 foot runway, U.S. Customs on field and stellar winter operation capabilities. PSM is a great alternative to more congested locations found in major metropolitan locations.

For more details contact Paul Davy, Director of Sales & Marketing, directly at +1 (603) 319-4319 or pdavy@portcityair.com.

Paragon to Launch New Aviation Blog

Paragon will be launching a new blog this week on their Strategic Partner website, ParagonVendors.com.The blog will address some of the issues our industry is facing and help to provide solutions to better navigate through this unprecedented time and come out of it on the other side even stronger than before. Articles will feature quality partners and services in which Paragon Aviation Group, the network of quality FBOs, or valued flight departments have experience using and would choose again. Additionally, there are new offerings in the GA industry we are watching and will be highlighting if we believe they've got merit. Stay tuned for more information!
