The Paragon Network Donates Thousands for Breast Cancer Awareness

During the month of October, participating members of the Paragon Network handed out "Think Pink" awareness bracelets, t-shirts, hats and pens. Many of them donated a portion of their fuel or service revenue to organizations supporting the prevention and treatment of breast cancer. Paragon Aviation Group also made a donation for every FBO survey

completed during the month of October. Top contributors included Odyssey Aviation Bahamas, Hill Aircraft, Texas Jet, Platinum Air Center and Business Air.

PARAGON NETWORK CUSTOMER REVIEWS

From Richard V. on Henriksen Jet Center (KTME)

This is the second time that I have had the need to travel to the Houston area and I have used Henriksen Jet Center both times. They are VERY conveniently located to the Greater Southwest Equestrian Center, which has been the reason for my visits to the area on both occasions. I emailed ahead of time to check on any charges that would be incurred on my visits with several nights' stay to which they were quick about replying and very reasonable in their charges. They set up a rental car both times which was brought right up to the airplane when we arrived and the line guys helped me load/unload the car without any prompting. All of their people were very friendly and a pleasure to deal with. Henriksen Jet Center is how an FBO should be set up, staffed and run. I wish that they could be cloned and at all of the airports that I travel to, it would make my trips so much more pleasant!

From Pete W. on DuPage Flight Center (KDPX)

Pulled up at the ramp and was quickly met by a line guy. He was very friendly and had the plane tied down and me in the golf cart in a couple of minutes. The ladies inside were super helpful and had me in my Enterprise rental car in no time. There was no overnight fee with a fill up of a whopping 20 gallons. This is a great FBO and I'll be there again when I have business in Chicago.

From Linda C. on Business Air (KDTO)

We found Business Air at Denton airport FIRST CLASS! We received the best care there, for our Cirrus, and for ourselves. We asked for an Uber to take us to Texas Woman's University, and Cary said he would take us. Wow. Everyone there was helpful, cheerful and professional.

From Robbie H. on Premier Jet Center (KFCM)

This is the best FBO on the field. Nice facilities. The linemen are very attentive. The CSR's were wonderful, especially Stacy with her morning bagel. Highly recommend stopping in to this gem. We will be back!

From David F. on Lux Air Jet Centers (KGYR)

Our company aircraft pass through on a somewhat regular basis and we again stopped for the night in our Citation XLS Wednesday, October 26, 2016. They helped with rooms and even offered us a crew van since it was a short overnight stay. Lux Air always provides us with great service and is always making sure we have everything or if they can do anything else for us. Fantastic FBO with great service and some of the friendliest staff around in the business! Thanks again for all your support to our flight department and crews!

From Robert C. on Clay Lacy Aviation (KVNY)

Fly into VNY yesterday for a few hours of business in LA. Clay Lacy offered the use of one of their (very elegant, clean) crew vehicles for several hours. The aircraft (our JetProp) was left right in front of the office. The fueler was professional, efficient and responsive to my concerns. At the CAA price, I took as much Jet A as we could. Van Nuys has always been easy in and out (from the north, especially). When business takes us back, we'll be coming to Clay Lacy again!

From Robin M. on Pazo's FBO Services (TJSJ)

Noemi is a Godsend for our Flight Department. Very efficient on all aspects of our needs when we arrive and to include our departures also. The whole team is always eager to help in any way to make our job go smoothly. Always a pleasure to have all involved at Pazo's on our team.
