Value

Our network of PAG locations guarantee a quality facility and outstanding service at a competitive price.

Quality

The PAG can guarantee a first-class operation through comprehensive audits and core standards that each FBO is required to meet before joining the group.

Designed to be Los Angeles' most secure and private corporate aviation complex, Clay Lacy Aviation's South Campus will include:

- 62,900 square feet of hangar space to house long-range aircraft up to the size of the Global 7000 and 8000, Gulfstream G650 and Falcon 8X
- 20,526 square feet of new office, training and meeting space with state-of-the-art conference rooms and an adjoining kitchen to accommodate corporate flight departments and private events
- An indoor event space featuring the display of Clay Lacy's iconic Lear 24, the first business jet to land at Van Nuys Airport in 1964
- 137,900 square feet of aircraft ramp space

Scheduled for completion by year-end 2015, the new development combined with Clay Lacy Aviation's current leasehold will encompass 14 total acres, 149,000 square feet of hangar space and 34,667 square feet of office, training and meeting space. The physical orientation of the South Campus is designed to keep private jet travelers completely out of view from the surrounding street and aircraft ramp areas. [Click here to read more](#)

★★★★★

From Johnny Carter on Henriksen Jet Center (KEDC)

This has to be one of the best if not the best FBO's I have ever used. No doubt the owner has to be a pilot. Crew Amenities are outstanding. Needless to say they know how to treat your passengers also. I don't care what you are flying if your destination is Austin and you don't use Henriksen Jet Center you are making a big mistake.

★★★★★

From Brent Blazey on Fargo Jet Center (KFAR)

Who would have thought that Fargo, North Dakota would have one of the nicest facilities in the US? I mean this place is gorgeous! We stopped in for a quick turn, fuel stop and we were pounced on by 5 lineman, coddled by the attentive CSR staff, and service was completed before the pax were done at the comfort station. We literally had to coax them out the door. Out travels seldom take us this way, but I hope to make it back soon. Great job, FJC!

From Ryan Mcfarland on Texas Jet (KFTW)

The folks at Texas Jet are terrific. I fly small piston airplanes but I'm always treated as though I taxied up in a Gulfstream. Customer service is impeccable. Facilities are clean and comfortable. Staff is friendly and more than helpful. My only criticism would be their price on 100LL. There's another FBO on taxiway C who consistently has a better full service price.

From Christa Mabry on Hill Aircraft (KFTY)

This FBO goes above and beyond. Thank you for providing awesome and friendly service Shanna and the rest of the team.

From Ed Oxe on Tampa International Jet Center (KTPA)

Flew in today for a course at Patterson Dental. First rate service and excellent facilities. The girls, (all of them beautiful and extremely helpful) were great. Easiest trip lately. Thanks for the good service.
