PARAGON NETWORK CUSTOMER REVIEWS

From Ransom R. on Fargo Jet Center (KFAR)

That was a fantastic turn. From touchdown to takeoff was 21 minutes while taking on 1200 gallons. That is probably the best turn I have had in my 13 years of Corporate Aviation. Very impressive!

From Phil S. on Ideal Aviation (KCPS)

Super efficient, friendly and just a great place to stop for anywhere near downtown St Louis!

From Ian D. on Hill Aircraft (KFTY)

Hill Aircraft is the BEST... Laura and the girls will keep you smiling and laughing while line service is outstanding; very helpful and friendly.... They have all the hot chocolate you can drink and I even won a free flashlight!! Highly recommended!!

From Ray B. on Lux Air Jet Centers (KGYR)

Family owned business, Great people, from the moment we arrived the people at Lux Air did everything possible to facilitate fueling, arranging for a rental car, rooms and all with smiles. Highly recommend this FBO, you will be very pleased with their service and can do attitudes.

From Dan H. on Fontainebleau Aviation (KOPF)

Received great service during a weeklong PC-12 visit. The line crew and CSRs work hard and seem to appreciate the business. This is a terrific CAA FBO. I arranged a crew car with SIXT. I was worried that it would be expensive with all of the Mercedes and BMWs in SIXT's fleet, but I got a nice Toyota Camry at a rate that was lower than I would have expected from Hertz/Avis/Enterprise. I am looking forward to more visits when the new FBO building is open.

From Mark A. on Henriksen Jet Center (KTME)

Been coming here for years in my personal plane for self-serve fuel and that occasional student. Visited here for the first time in a jet and was treated the same way; with outstanding service and attention to detail. Particularly, Olivia this morning taking care of our needs and making amazing freshly baked cookies. Made a stressful early morning 100000x better. Will find a way to fly into here more often!

From Ryan M. on Hill Aircraft (KFTY)

We always have a great experience with Laura Shearer, Dana Seikkinen, and Jennifer Serrano Gual. They always provide great customer service. Thank y'all!

From Craig S. on Odyssey Aviation Detroit (KYIP)

Had my Cirrus preflight almost done when sump valve got stuck open. Gas was pouring out and the team from Active Aero rushed out and was able to unstick the valve. Quite impressive. They are awesome!
