Paragon Network Launches Feedback Survey for Crew Members

The **Paragon Network** continues its commitment to providing an elite experience with the announcement of a new feedback survey for crew members. In the survey, respondents can evaluate the details of their trip including facility, service, safety and FBO personnel. **Because of its enhanced digital format, the survey can be taken easily on a computer, phone or tablet.**

"We understand the importance of both ease and accessibility when it comes to providing survey feedback," Megan Barnes, Paragon Aviation Group EVP, said. "With this enhanced digital format, we hope to create a unified brand experience where customers can give feedback for any Paragon Network location using one form. We look forward to the responses."

Safety

Uncompromising safety is the most important ingredient in aviation today. Each one of our members are NATA Safety First Certified or has completed equivalent program.

Service

Award winning service is undeniable in the Paragon Network. Each member has been rated among the top best FBOs in North America.

Reliability

This group of FBOs are the most consistent and dependable operators in North America.

Value

Our network of PAG locations guarantee a quality facility and outstanding service at a competitive price.

Quality

The PAG can guarantee a first-class operation through comprehensive audits and core standards that each FBO is required to meet before joining the group.
