Maven by Midfield Joins the Paragon Network

Maven by Midfield at Oakland County International Airport (KPTK) has a newly renovated gorgeous facility, brand new state-of-the-art fuel trucks and ground support equipment, an executive conference room, crew lounge, luxury crew cars and so much more. They have 80,000 sq. ft. of hangar space that can accommodate up to a GV. Maven by Midfield recently finished building their own private fuel farm to ensure fuel will always be available to their customers. Their passion for aviation is consistently shown through their superior attention to their client's needs.

"All of us at Maven by Midfield are thrilled to start off the new year as a member of The Paragon Network," stated Jason Zimmerman, President of Maven by Midfield. "Joining the Paragon Network will help us accelerate the growth of our business and expand our customer base. This is a great opportunity for us and I'm looking forward to working with their elite group of FBOs."

Ross Aviation Thermal Acquires Signature Flight Support Base

With the final stroke of a pen and handshakes with team members, Ross Aviation completed its planned acquisition of the Signature Flight Support facility at KTRM in Thermal, California. The acquisition now gives Ross Aviation the largest ramp and hangar complex in the Coachella Valley and signals the organization's growing presence in the region – as well as its appetite for expansion, system-wide.

With the addition of approximately 15 acres at the former Signature Flight Support site (now Ross Aviation South), they will expand their leasehold to just under 40 acres. This acquisition adds another 25,000 sq. ft. of hangar space with the legacy hangar on the new property, as well as approximately 17,500 sq. ft. of T-Hangar storage. This brings Ross Aviation's total available hangar space on the field to 145,000 sq. ft. They are able to accommodate up to a Bombardier GX 7500 in their modern hangars at Ross Aviation North.

They are also gaining an additional 9,000 sq. ft. of office and shop space for a total of around 12,000 sq. ft. between the North and South locations. They now have approximately 18 acres of expansive ramp areas combined between the two FBOs. This will be critical during the large events that take place in the Coachella Valley area each year.
