Ross Aviation Offering Aircraft Disinfecting Services

In addition to significantly ramping-up infectious-disease safety precautions and protective guidelines at each of its locations, Ross Aviation is now offering aircraft cabin disinfecting services to help combat the Coronavirus.

The company is providing these services as part of its mission to anticipate and deliver on customers' needs and to support its team members during the COVID-19 pandemic. "We're pleased to not only be able to offer these capabilities for the well-being of our customers, but also to help keep our team members, who are essential front-line workers, healthy and productive during the downturn in flight activity" said Brian Corbett, Chief Executive Officer of Ross Aviation. "Times like these are when you direct your focus to the well-being of passengers, pilots and team members – and keep your company's mission and core values at the forefront" he continued.

Business Jet Center (KDAL) Update

Business Jet Center's steadfast commitment to dedicated service is not going to change. You will see new precautions and extra sterilizing efforts, as well as the implementation of CDC guidelines such as appropriate social distancing. In compliance with the Amended Order of Dallas County, all Business Jet personnel will be wearing some form of covering over their nose and mouth. In order to protect our team and our customers, separate facilities are now in place for aircrews on flights from State of Texas designated "hot spots" and from medical flights carrying infected patients.

Go Rentals is on-site for all your rental car needs. Go Rentals assures that every vehicle is hand-washed, hand-sanitized and inspected before every use. They guarantee planeside delivery to eliminate the use of the lobby and DocuSign contracts to eliminate human interaction.

Please reach out to our team at (214) 654-1600 if we can assist you in any way. Stay safe and stay well. We hope to see you fly in soon!

Limited Time Offer on Ramp Parking & Hangar Space

Given an imminent temporary slowdown in GA flight activity related to COVID-19, Ross Aviation would like to extend a limited offer of a 10% discount on hangar space and a 20% discount on ramp parking for new reservations through May 31st, 2020. These discounts will apply to our published nightly and monthly rates and are subject to availability. The following Ross Aviation locations currently have limited space:

HANGAR: Westfield, MA (BAF), Worcester, MA (ORH), Fairbanks, AK (FAI), Palm Springs/Thermal, CA (TRM)

RAMP: Westfield, MA (BAF), Bedford, MA (BED), Worcester, MA (ORH), Fresno, CA (FAT), Scottsdale, AZ (SDL), Sarasota, FL (SRQ), Palm Springs/Thermal, CA (TRM)

Please contact Cy Farmer, COO of Ross Aviation, at (561) 516-2593 for more information.

Odyssey Aviation is Here for You

Odyssey Aviation Bahamas has remained operational throughout the COVID-19 pandemic and we are committed to supporting the health and safety of our clientele, teammates and our nation.

The Government of The Bahamas has been extremely proactive in preventing the spread of COVID-19 and Odyssey Aviation is operating under their strict guidelines. [Click here](#) for the latest updates.

We are providing flight services for inter-island emergency medical flights, US military, Bahamas Defense Force & Police operations, cargo, courier, medical supply flights and flights for US citizens wishing to return home.

For the latest updates on the ever-evolving flight restrictions, we recommend that all incoming flights contact us prior to arriving in the Bahamas. Please call (242) 702-0200 or contact us via email at MYNN@ParagonFBOs.com.

Ross Aviation (KHPN) Update

Ross Aviation's West location at KHPN has revised their hours of operation. They will now be open every day from 0800 - 1900. Ross Aviation's East location at KHPN is still open 24/7/365.

****Please note that a Runway Rehab Project is scheduled for April 27th through May 21st. Ross East will welcome based tenants. Transient traffic should visit Ross West.**

Please contact the FBO for reservations at (914) 761-3000 or KHPN@ParagonFBOs.com.

Please check NOTAMS for up-to-date information on the status of the runway or contact us at (914) 761-3000.

Henriksen Jet Center Austin (KEDC) Updates

Henriksen Jet Center at Austin Executive Airport (KEDC) remains open 24/7/365.

The county has passed a regulation requiring them to wear a mask/face covering for all residents and local businesses.

Austin Executive Airport is located outside of Austin's city limits, so they are following the guidelines set forth by Travis County. A "limited gathering order" has been issued, so their lobby is closed to the general public, but open for customers and tenants. Passengers may elect to wait in their vehicles in the parking lot or ramp-side if they prefer.

For more information, please contact them at KEDC@ParagonFBOs.com or (512) 247-7678.

Hangar Space and Land Leases Available at Henriksen Jet Center Houston (KTME)

Henriksen Jet Center at Houston Executive Airport (KTME) is currently open and operational 24/7/365. They are located in Waller County and are not currently under a "stay at home" order like the rest of the city of Houston. If Waller County does issue a similar order, the airport has been deemed an essential service and will remain open.

They currently have hangar space and land leases available if you need a new home for your aircraft. Please contact their Executive Director, Andy Perry, at (281) 945-5000 or aperry@houstonexecutiveairport.com for more information.

Hangar Parking Availability Worldwide

For business jet owners and operators who may halt airborne operations due to COVID-19, ExecuJet can provide safe parking and hangar for grounded assets. ExecuJet currently has ramp parking available at all 26 of their locations worldwide. Hangar parking is currently available in Brussels, Berlin, Cape Town, Dubai, Istanbul, Johannesburg, Lagos, Melbourne, Monterrey, St. Gallen-Altenrhein, Sydney and Zurich. They guarantee no increased pricing to ensure their aircraft parking and cleaning services remain fair, competitive and attractive.

ExecuJet is taking preventative measures to ensure passengers, crew and staff are safe and secure in their facilities. They have implemented additional cleaning and handling procedures to minimize the risk of spreading the coronavirus. Sanitizer, gloves and masks are available for staff, passengers and crew. Touchpoint sanitizing of all handles, doors, benches, desks, phones, keyboards, tables, and rails is performed before and after every flight.

For more information on ramp and hangar parking, please contact the FBO team at your location of choice.
