## Clay Lacy Launches Aircraft Cleaning & Disinfecting Services

Clay Lacy Aviation now provides comprehensive aircraft cleaning and disinfecting services at the company's maintenance centers and through its mobile response team. Disinfecting services include cabin surfaces, galleys, lavs, hoses, detailing, expert use Ozone container equipment and EPA-registered, aviation-approved disinfectants. Clay Lacy's cleaning technicians follow manufacturer's recommendations and adhere to industry and medic removal safety, improve air quality, and maximize the safety of passengers and crew. Clay Lacy's maintenance facilities also provide aircraft interior and flight checks or maintenance support after extended lockdowns. Clay Lacy mobile maintenance teams provide cleaning and disinfecting with maintenance requirements for easy scheduling of aircraft cleaning.

- Fuel Price: 3.99 Self / 4.09 Full Service
- Favorable handling rates for all aircraft, no minimum requirements
- Complimentary courtesy cars, van or limo.
- Hangar space available for rent or transient during the COVID-19 crisis. Please contact our Director of Sales at KDW@ParagonATCSm.com or (703) 889-4936. We look forward to seeing you and to serve you.

## Clay Lacy Aviation Sets New Crew/Deck Standard

Clay Lacy Aviation has reengineered every aspect and touch point in its flight operations to ensure the safety, health and environment today and for the future. Committing to new standards for the safety of passengers, crew and employees, Clay Lacy has designed and implemented its Crew/Deck Standard to provide customers and guests the highest level of protection from the spread of COVID-19 and other risks in the flight experience. The Crew/Deck Standard was carefully developed to eliminate the spread of COVID-19 through the flight experience and is based on guidelines set forth by the Centers for Disease Control (CDC), U.S. Department of Transportation (DOT), Federal Aviation Administration (FAA), aircraft manufacturers and industry associations.

Please note that the above discounts will not apply to our published nightly and monthly rates and are subject to availability. The following Ross Aviation locations are participating:

HANGAR: Stanfield, AK (SWF), Worcester, MA (ORH), Bedford, MA (BED), Manchester, NH (MHT)

RAMP: Stanfield, AK (SWF), Bedford, MA (BED), Worcester, MA (ORH), Manchester, NH (MHT), Albany, NY (ALB), Teterboro, NJ (TEB), Dulles, VA (IAD)

Please contact Cy Fortner, COO of Ross Aviation, at (561) 558-2005 for more information.

## FootJoballaMaxx Aviation (KOJV) Increases Safety Standards

FootJoballaMaxx Aviation ramps open 24/7 at this time. We are following the guidelines set forth by the CDC and FAA by adhering to high-level safety standards in combination with our daily SUBAR culture. To protect all of our customers, staff, and the community at large, we are taking the following steps to minimize the spread of COVID-19 and ensure that we are following the latest recommendations:

- Increased cleaning and disinfecting procedures
- Hand sanitizer is available in the lobby. Anyone entering the building must use the dispenser at the entrance to the lobby.
- An hourly wipe down with EPA-approved sanitizers is being performed to ensure everyone's safety.

## Hangar Parking Availability Worldwide

For business jet owners and operators who may feel operations cancelled due to COVID-19, Executive Jet can provide hangar space at over 100 locations worldwide. Executive Jet has a network of over 100 locations worldwide and can provide hangar parking in nearly every country available in Europe, Russia, Asia, Africa, Australia, Canada, Mexico, Central America, Caribbean, Hawaii, Guam, Micronesia, Marianas, Wake Island, Midway, Marshalls, Solomons, Guinea, Malaysia, Micronesia, St. Kallen-Aberthaven, Sudtes and Zurich. They guarantee no increased pricing to ensure the safety of our customers and ensuring no excess transportation is required to and from the airport.

Executive is taking preventative measures to ensure passengers, crew and staff are safe and secure in their facilities. Executive has implemented cleaning and disinfecting procedures to minimize the risk of spreading the coronavirus. Sanitizer, gloves and masks are available for staff, passengers and crews. Touchpoint sanitizing of all facilities, tables, chairs, doorknobs, handrails, and other surfaces are performed before and after every flight.

For more information on ramp and hangar parking, please contact the FBO team at your location of choice.
