#THEODOREFLYFORACURE

Paragon Aviation Group® is excited to begin their annual "Fly for a Cure" campaign that raises awareness for National Breast Cancer Awareness month with the help of their teddy bear mascot, Theodore.

Theodore's goal is to "fly" to as many FBOs as possible throughout the month of October. For each FBO he visits, Paragon Aviation Group® will donate \$5 to the National Breast Cancer Foundation, Inc. For each FBO that is a Paragon Network® FBO, the donation will increase to \$10 per FBO with an ultimate goal of reaching \$1,000!

Theodore will start his journey from Henriksen Jet Center (KTME) in Houston, TX on Thursday, October 1st and have until October 31st to see how many FBOs he can visit to help spread the word about early detection and raise money for breast cancer research.

Let's see where Theodore's journey will take him and help him "Fly for a Cure"!

The Bahamas Prepares to Reopen

In a national address on September 7th, Minister of Tourism Dioniso D'Aguilar announced additional details of the forward-looking recovery and reopening plan for The Islands of The Bahamas. D'Aguilar reiterated The Bahamas Ministry of Tourism's commitment to revitalizing the country's tourism industry while ensuring the health and wellbeing of citizens, residents and visitors of The Bahamas remains paramount.

Beginning October 15, The Bahamas will enter Phase 3 of the Tourism Readiness & Recovery Plan ahead of the busy holiday season, which will include the reopening of beaches and major hotels.

VNY Quieter Nights Program

In an effort to reduce nighttime aircraft operations at Van Nuys Airport (VNY) and aircraft noise affecting local communities, Los Angeles World Airports (LAWA) created the voluntary Quieter Nights Program. This program is separate and in addition to the existing mandatory nighttime noise curfew currently in effect at VNY.

The Quieter Nights Program encourages jet aircraft operators to avoid flights at VNY between 11 p.m. and 7 a.m. whenever possible, unless the aircraft are involved in military, law enforcement, emergency, fire or air ambulance/life flight operations.
