## Paragon Aviation Group Recognizes Diamond Partner of the Year

Paragon Aviation Group recently announced their annual recipients for their 2020 Network Member Awards including the first ever Diamond Partner Award recognizing a key vendor in their exclusive Strategic Partner program. Go Rentals, the elite car rental company specializing in the private jet industry, was the recipient of this esteemed award.

"This is a huge honor since Paragon Member FBOs and Paragon Preferred flight departments overwhelmingly voted for Go Rentals," said Megan Barnes, President of Paragon Aviation Group. "Not only has Go Rentals been a wonderful partner to many of our Member FBOs, but flight departments are consistently pleased with their diamond level of service as well."

### Brand New Hangar Space Available at Modern Aviation (KBFI) in Seattle

Modern Aviation at Boeing Field (KBFI) in Seattle will have phase 1 of their new hangar completed the week of December 7th. The new 40,000 sq. ft. hangar brings them to a total of 100,000 sq. ft. of hangar space. The new space features a 28' door which can accommodate all business jets. Phase 2 is scheduled for completion in Spring 2021 and will add an additional 24,527 sq. ft. of hangar and 7,139 sq. ft. of office space.

This brand new, state-of-the-art hangar is available for based tenants and transient customers. If you are interested in securing space, please contact Modern Aviation at [KBFI@ParagonFBO.com](mailto:KBFI@ParagonFBO.com).

[ParagonFBO.com/KBFI](https://ParagonFBO.com/KBFI)

### NOTICE: Palm Springs/Thermal Diverting All Traffic to North Location

Ross Aviation's south location at Jacqueline Cochran Regional Airport (KTRM) in Thermal, CA is currently closed for the season. All services are still available at their north location. Ramp and hangar space for up to G-550 or GLEX is also currently available.

If you have any questions or need more information, please contact Tim Goulet, General Manager, at (800) 675-4192 or [KTRM@ParagonFBO.com](mailto:KTRM@ParagonFBO.com).

### Latest Travel Regulations in Hawaii

As of November 24th, 2020, travelers will not be able to bypass quarantine unless negative results are available PRIOR to arriving in Hawaii. Prior to this modification, travelers were allowed to take a COVID-19 test at our local test facilities to bypass quarantine after arrival. This is no longer acceptable until further notice.

Once you receive your negative pre-travel test results, you will need to upload the results to your Safe Travels Hawaii account. This step is crucial, as it will be the only means for airport officials to verify your Safe Travel Hawaii information upon arrival and release you from quarantine. Tests results will need to be taken no more than 72 hours before the last departure city and only from an approved partner on [this list](#).

If you receive an indeterminate/inconclusive result or positive result prior to landing in Hawaii, you will be placed in a 14-day quarantine upon arrival.

As of December 2nd, 2020 all travelers arriving to the Island of Kauai will be placed into a 14-day quarantine. Pretesting travel program will not be available until 2021 or until further notice.

## A Christmas to Remember.

**BUSINESS JET CENTER**  
A Better FBO Experience

Business Jet Center is dedicated to making this Christmas one to remember for five families who have been hit by the pandemic by providing them with everything from household essentials to toys for their children.

If you would like to help provide "A Christmas to Remember", please email [ChristmasWish@BusinessJetCenter.com](mailto:ChristmasWish@BusinessJetCenter.com)

## Fontainebleau Aviation Participates in Annual KOPF Turkey Run

Every year, Fontainebleau Aviation has participated in the annual KOPF Turkey Run which donates 500 turkeys to local families each year.

The Opa-Locka Executive Airport Family demonstrated the same act of togetherness and community during these unprecedented times. Their team's commitment to this event resulted in the most successful Turkey Run to date! They raised over \$15k with over 70 runners allowing them to provide over 500 turkeys to local families this holiday season. Fontainebleau Aviation wants to thank everyone who participated in this charitable event!

## Odyssey Aviation Bahamas Begins Regular COVID Tests on Employees

On Wednesday, November 25th, Odyssey Aviation Bahamas team members had baseline Rapid Antigen Tests, and we are happy to report that all the tests returned with negative results.

The testing is going to be administered on a regular basis to help maintain a healthy workforce throughout the pandemic. Odyssey Aviation is committed to keeping our guests, team and greater community as safe as possible during the COVID-19 Pandemic.

Our thanks to the nurses from Family Medicine Center for their excellent service!

## DuPage Flight Center Increases Efficiency with New Machinery

The new machine is an MB-5 Chassis built by the MB-Companies in New Holstein, Wisconsin. It is a similar machine to the current Wausau Everest units that are currently in use at the airport. This machine completes our change from the front mount brooms that require a plow truck to go ahead of them to perform as they are intended. The MB-5 utilizes a 22' plow on the front with a 20' broom towed behind the chassis and a 350mph air-blast system. Using this type of machine not only performs two tasks at once cutting down on staff requirements, these units operate at roughly 50% higher speeds than the old style brooms allowing their snow team to clear the snow from the runway in much less time with a higher quality result.
